

# Sound Team Member

## Position Description

### Purpose

Our goal at WEC is to **make and mature disciples of Jesus**. The sound team make a significant contribution to that by providing the best possible opportunity for those attending WEC to sing God's praises, engage with God's word and be informed of what is happening within our church family. The sound team do this by ensuring key information is heard by all in attendance. Without the sound team we would not easily hear God's word preached. They play a particularly important role in their influence on the sound and quality of the music. Without the sound team we would be limited in our ability to collectively praise God through song. Sound can be taken for granted at church – until something goes wrong! When this happens everyone at WEC realises how important the sound is to the successful running of a church service. Overseeing the sound team is therefore a very important task. A sound team is not simply doing a task, but bringing great honour to God as they love our church family and newcomers, helping them to hear all components of the WEC service through the sound equipment.
